CLIENT TESTIMONIALS

“Kruger Products L.P. has held a relationship with TRICO Evolution since 2008. During this period the co-packaging service has been reliable and without issue. Additionally, TRICO Evolution delivers value-added concepts that drive continuous improvement to our process. I would not hesitate to recommend the services of TRICO Evolution.”

“TRICO Evolution performs critical supply chain management services for the Legion. For our Poppy Campaign you manage this inventory and fulfill the many thousands of orders efficiently, in a very narrow window of opportunity. Your performance this year, while distributing a record number of Poppies and wreaths, has maintained the high level of service we strive for. We look forward to working with you in the years to come.”
